

# Planning Commission Meeting

## Tuesday, January 23, 7 p.m.\*

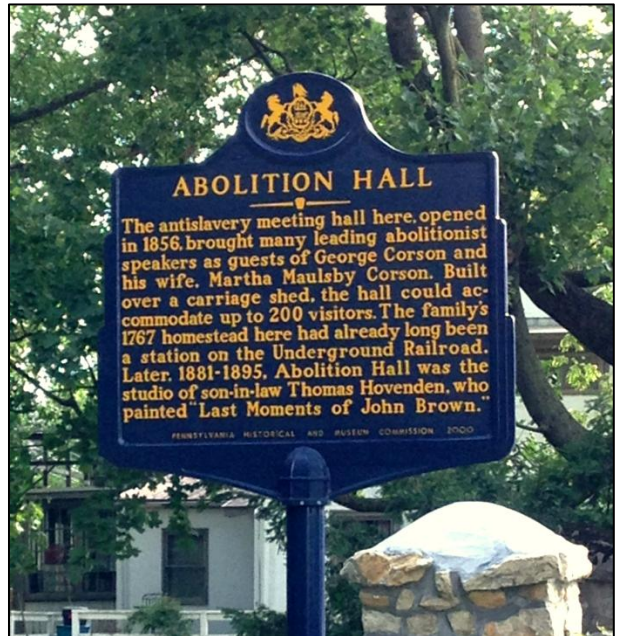

At the Whitemarsh Township Building, 616 Germantown Pike, LH

### Proposed 67-unit townhouse development

#### *A message from concerned residents:*

K. Hovnanian Builders recently submitted its latest plan for the 10.5-acre historic Corson homestead at Butler and Germantown Pikes. The developer also has an adjacent property, the Haub parcel, under agreement of sale.

The plan for 67 townhouses on land zoned Village Commercial-2 (VC-2) requires Conditional Use Approval from the Whitemarsh Township Board of Supervisors, but first the proposal goes to the Planning Commission.

**K. Hovnanian wants the Planning Commission to recommend approval of the Conditional Use request. We believe this plan should be improved, and we will urge the Planning Commission not to recommend approval.**

The Friends of Abolition Hall hope you will attend the Planning Commission meeting, and come prepared to voice your opinion. Nearby neighbors will bear the burden of this development, but the loss of open space, the increase in traffic congestion, and the degradation of a historic homestead will be felt by all.
