Conference Session Spotlight

New Energy: Measuring the Potential Impacts to Cultural and Environmental Resources
Friday, May 22nd, 2009
8:30a.m.-12:00p.m.

The push to explore alternative sources of energy in Pennsylvania is focused on the natural gas reserves in the Marcellus Shale and the windy slopes of the Allegheny Ridges. This session will explore potential impacts of new energy sources on environmental and cultural resources in Pennsylvania.

Speakers:

Kenneth L. Balliet, CED, Penn State Cooperative Extension

Laura Jackson, Save Our Allegheny Ridges (SOAR)

Doug McLearn, Bureau for Historic Preservation, PHMC

Acting Secretary John Quigley, DCNR

Dr. Kenneth Wolensky, Bureau for Historic Preservation, PHMC

Paula A. Zitzler, Industrial Archeologist

Moderator:

John Dawes, Pennsylvania Foundation for Watersheds

Please visit the conference website to view an updated schedule that includes a full list of the speakers and moderators for this year's sessions.
