

Your help is needed immediately!

A recent proposal aims to redirect funding from **PA's Growing Greener II** and the **Keystone Recreation, Park and Conservation Fund** to balance the General Fund budget. Contact your legislator immediately to protest this temporary budget fix.

The proposal aims to divert funding from the following:

- Pennsylvania's Growing Greener II
- Keystone Recreation, Park and Conservation Fund
- Energy Development Fund
- Agricultural Easement Purchase Fund
- Surface Mining Conservation

By redirecting these funds to fill the budget gap, the legislature will diminish vital funding for parks, agricultural conservation, historic preservation and community revitalization activities.

We need you to contact your state legislators now to share about how this elimination of funding will affect your community.
